

EK-Flex NUHD

**PA/PE-film
for Thermoforming with very high puncture
resistance and increased temperature
resistance**

MANUFACTURING PROCESS:

» Cast-Coextrusion

MAIN APPLICATION:

» Thermoformed, pasteurizable packaging
for sharp-edged products

FIELDS OF APPLICATION:

» Food
» Non-Food

FEATURES/PROPERTIES:

» Excellent thermoforming properties
» Good optical appearance
» High barrier against water vapor
» High seal strength
» Wide sealing range
» Very high puncture resistance
» Very high mechanical strength
» Pasteurizable

The material composition of EK-Flex NUHD films complies with the globally most common food law regulations for use in packaging.

Our suggestions do not relieve our customers of their obligation to check our products for suitability for the intended use, e.g. by packaging tests with respective storage trials (under practice conditions).
